## **MARC IN TIME Symmons Plains Duathlon Sunday 7<sup>th</sup> November 2021**

[www.launcestontriclub.com](http://www.launcestontriclub.com)

Welcome to the Launceston Triathlon Club Symmons Plains Duathlon sponsored by MARC IN TIME Jewellers & Watchmakers, a local Launceston business employing local people and supporting local clubs like LTC. Make sure you support local and call in and see Marc and his team next time you are shopping for jewellery or need some jewellery repaired.

This race will be the first race for the 2021/2022 season and the first race that Club members will be eligible to earn points for toward the club championships.

### **COVID SAFE ESSENTIAL INFORMATION**

Do not attend if you are feeling unwell and keep any cough covered.

Use hand sanitiser prior to entering transition. We will provide hand sanitiser at the registration table, outside the toilets and at transition for your use.

Masks and gloves will be available for all volunteers

Do not share equipment

All competitors must bring their own filled water bottles for use during the event. A table will be set up for you to access on the run course if you require. It is your responsibility to place your bottle on the designated table.

Please adhere to the social distancing guidelines throughout the event. Social distancing will be maintained at the start. There will be a rolling start over the timing mat.

Return your timing chip to the bucket/bin at the finish line for cleaning post-race.

Please ensure you read and adhere to COVID-19 Smart Racing guidelines by visiting [Triathlon Australia Guidelines - Smart Racing COVID19](#) on the TA website.

All competitors are encouraged to download the COVIDSafe app

All competitors/spectators will be required to sign in via the Check in Tas app

## ENTRIES & RACE DAY REGISTRATION

Race entry will be via online registration only. Race entry on the day will not be accepted. Registration is available via the LTC website, LTC Facebook page or the following link: <https://www.registernow.com.au/secure/Register.aspx?E=44673>

Registration will close at midnight, Saturday 6<sup>th</sup> November at 12pm.

## **AGE RESTRICTIONS**

Triathlon Australia rules require that the following age restrictions apply:

#### **Trystars:**

Competitors must be at least 7 years of age and not older than 13 years of age as at 31 Dec 2021.

#### **Sprint Duathlon:**

Individual and team competitors must be at least 14 years of age as at 31 Dec 2021.

#### **Standard Duathlon:**

Individual and team competitors must be at least 16 years of age as at 31 Dec 2021.

## **RACE RULES**

In order to ensure a safe and fair race for all, as with most duathlons and triathlons in Australia, this race is subject to the Triathlon Australia, Race Competition Rules. A link to the document containing this information can be found at

<http://www.triathlon.org.au/Assets/Triathlon+Australia+Digital+Assets/Resources/Technical/TA+Race+Competition+Rules.pdf>

In the meantime however please find below a small list of simplified rules and regulations that we would like you to keep in mind while competing. These rules are simply there to provide an equal playing field for all competitors and ensure everyone is as safe as possible on the day. The majority of these are aimed at the bike section of the course.

- ✓ Please keep as far left as practically possible at all times, and do not cross the centre line of the road at any stage.
- ✓ Do NOT overtake on the left at any time.
- ✓ This is a non-drafting race. Drafting is not allowed. The draft zone is 10m from front wheel to front wheel. You have 20 seconds to pass through this zone. A general guideline used at races around the country is to envisage a large family car between yourself and the bike in front. Do not enter this zone unless you intend to overtake.
- ✓ If/when you are overtaken (the moment the overtaking bike's front wheel goes past yours) it is your responsibility to drop out of the draft zone immediately, you cannot attempt to re-overtake until you have completed that move.
- ✓ Remember while your bike is not racked you must have your helmet on and fastened.
- ✓ The use of personal electronic devices such as iPods, iPhones etc is not permitted for safety reasons.
- ✓ Ensure your torso is covered on the bike and run legs.

Technical Officials (TO) will be on the course to monitor rider activity, and infringements of the above rules may result in rider penalties that can include disqualification. If you have any questions or require clarification on any of the rules mentioned, please refer to the link above or speak to one of the TO's at the event.

## TRANSITIONS BETWEEN TEAM MEMBERS

All changeovers MUST occur at the place the team bike is racked. Once the runner reaches transition they must make their way to where the cyclist has racked the bike. At this point the runner will tag the cyclist who can then secure their helmet and remove their bike from the rack. The change over from cyclist to runner must occur **after** the bike has been racked and the cyclist has removed their helmet. The runner must be tagged by the cyclist before leaving the transition area.

## TIMING & RESULTS

LTC will use electronic timing chips in this race.

The timing points for this race will be at the start/finish line at the exit of the transition area.

There will be a rolling start in order to maintain social distancing requirements.

Your start time will be recorded as you cross the timing mat on the start finish line.

1<sup>st</sup> Run split will be taken upon leaving the transition area for the cycle leg.

Cycle split will be taken upon leaving the transition area for the 2<sup>nd</sup> run leg.

2<sup>nd</sup> Run split will be taken upon crossing the finish line.

Return your race number/timing chip to 'the bucket at the finish line' for cleaning post race.

Results will be posted on the LTC website ([www.launcestonriclub.com](http://www.launcestonriclub.com)) on the day after the race.

## CONTACT

Email: [launcestontriathlon@gmail.com](mailto:launcestontriathlon@gmail.com)

## THE COURSE & PARKING

The entire race will be held on Symmons Plains Raceway and will comprise laps of the race track.

### Trystar Event

There will be a TriStar event prior to the Duathlons. The course will incorporate Pit Lane and a portion of the race track opposite the pits.

Event distances are 1.5km run | 3.6km bike | 500m run

### Standard Duathlon

Run - 10km (4 laps around the outside of the race track)

Bike - 38.4km (16 laps around the inside of the race track)

Run - 5km (2 laps around the outside of the race track)

### Sprint Duathlon

Run - 5km (2 laps around the outside of the race track)

Bike - 19.2km (8 laps around the inside of the race track)

Run - 2.5km (1 lap around the outside of the race track)

### Short Course

Run - 2.5km (1 laps around the outside of the race track)

Bike - 9.6km (4 laps around the inside of the race track)

Run - 2.5km (1 lap around the outside of the race track)

The start, the finish and transition will be in pit lane

Each lap of the run will include pit lane

Each lap of the bike will be entirely on the race track only entering pit lane on the last lap to enter transition. It will be the Athletes responsibility to count the laps or measure the distance on their bike computer.

There is unlimited parking directly behind the Pit Garages

## **FIRST AID & AID STATIONS**

First aid will be provided by qualified medical personnel (St Johns Ambulance) and based at transition.

There will be an aid station set up on the run course at the exit of pit lane. All participants must bring their own filled water bottles for use during the event. It is your responsibility to place your bottle on this table.

## **RACE BRIEFING**

There will be a race briefing for the standard and sprint events in the transition at 9:15am. Please make sure that you are present for this if you are a participant. The briefing will provide course details, entry and exit points, start and finish areas, turning points, safety and social distancing guidelines and recommendations, and location of aid station and penalty box. Importantly, the briefing will inform all participants of event regulations such as drafting, mount and dismount area, transition procedure, and penalty box information.
